If you feel your ears bleeding, the ground trembling, and the temperature in the pit rising, don't panic, you might just be in front of **Pluto Crevé** !

Formed in 2012, the band from Réunion Island (Indian Ocean) consists of 4 friends mixing various influences, from crust to hardcore, and punk rock.

They play a loud, fast, and engaged rock'n'roll with anarchic and sarcastic lyrics.

In early 2014, the band went on a tour through 6 European countries, playing 23 shows in 26 days alongside The Circle-A.

After several appearances on Maudit Tangué's compilations, they recorded 11 tracks on a split with the Havre (FR) hardcore band Chux Bollox, supported by several labels and released in 2018.

This was followed by a second 12-date European tour from Belgium to Spain, at the end of 2019.

You have been warned : these boys are nice, but as hot as the hell they claim, full of big sound, never-ending parties, girls in bikinis, and most importantly, beer !

If, like them, you were born for rock'n'roll, you'd rather die than miss their crazy show !
